Dear Ventura's Offshore Café:

Hi, my name is Erin, and I am a student at Eugene A. Tighe School in Margate, NJ. For my Language Arts class, we were asked to write a persuasive essay about our favorite restaurant. I chose your restaurant as "The Best Restaurant in Town." I wanted to forward my essay to you for your reading pleasure. I hope you enjoy it as much as much as I enjoy eating at your restaurant.

Sincerely,

Do you like a fantastic restaurant that is reasonably priced? If so, you must go to Ventura's Offshore Café! If that's not enough, it has a great location and has the best food in town!

My favorite part about Ventura's Offshore Café has to be the fantastic food! The mouthwatering menu has everything from seafood to pizza. The menu has a lot of food some are served hot and some are served cold. The ethnicity is Italian which is great because I love Italian food! Italian food can be as simple as a white pizza topped with tomato and garlic or as complicated as "Pasta a la Rosa." This dish is a rigatoni pasta with a tasty tomato sauce and sautéed chicken. They also offer fancy coffee that goes with a dessert such as a cappuccino and an espresso. Their desserts are to die for and the appetizers are amazing! I always order pizza with clam chowder, and I get chocolate ice-cream for dessert! Some other appetizers I love are Buffalo wings, mozzarella Monsanto, and all the soups. Their desserts are delicious and scrumptious. I really like how they also serve Italian desserts such as Tiramisu.

I love the food at Ventura's Offshore Café but the location is perfect. It's a great meeting spot because it's located near my friend's house and my own. Plus, it's on a main road which is quite convenient if it's your first time going there because it's right on Shore Road in Northfield. Ventura's Offshore Café is near a main intersection which leads to Margate, Linwood, Egg Harbor Township, and Somers Point. It's a really short drive if you live in one of these nearby cities. However, it's definitely worth the trip! Many people

who come from out of town to visit our area stop there for a bite to eat. They go in for a simple meal, but when they come out they get out of it a wonderful dining experience!

In addition to the great location and the fabulous food, the price is awesome! You can choose from a huge selection of delicious foods on the kid's menu which only goes up to \$10! Even though it has delicious food, you have to be under the age of 13 to order from the kid's menu. Although the regular entrees are magnificent, they have specialty entrees which cost a little extra but are totally worth it! During some hours of the day, you can get a half price special on almost all of the appetizers. When they have these special offers, it attracts more guests who spend their money wisely.

To sum it all up, Italian lovers, you can now see why Ventura's Offshore Café is fantastic! The food, price, and the location are the best you can get! I promise it will be your best dining experience!
