Mr. Lou DiVentura  
2015 Shore Rd.  
Northfield, NJ 08225

Dear Friends,

Thank you for your recent gift of \$500.00. With your generous support, Children International can be more prepared to meet the urgent needs that arise among our sponsored population.

The slums where our children and families live are usually comprised of densely packed shacks built with scrap wood and other flimsy materials. In addition, these slums are often located in low-lying areas that are not considered habitable by most people. Unfortunately, these areas continually fall victim to devastation by fire and flood.

But thanks to compassionate people like you, Children International is able to provide real help and real hope in these times of crisis. Whether it's a natural disaster that affects an entire sponsored community, a house fire that involves one sponsored family, or a medical emergency that plagues one sponsored child, your donations help us stand ready to offer support to those who need it most.

Thank you on behalf of needy children, their families and communities. Your caring and concern are helping ease the burdens of their difficult lives.

Sincerely,

Jim Cook  
President
